

# Sippy Hippo

Sippy hippo woke up,  
with a big tooth ache,  
last night she ate,  
way too much cake.

Using a special,  
hippo sized log,  
from Sippy's big hippo mouth,  
she took out a frog

Her head bent low,  
she walked to her pond,  
then a tooth fairy appeared,  
with a magical wand.

Sippy's tooth ache was gone,  
she jumped up in joy,  
the frog wasn't real,  
it was her old baby toy.

With a stroke of her wand,  
she made a dentist appear,  
it was Maggie the Giraffe,  
she had nothing to fear.

Sippy thanked the tooth fairy,  
and Maggie the Giraffe,  
they looked at the toy frog,  
and started to laugh

Good thing that Maggie,  
had a very long neck,  
inside Sippy's mouth,  
she was able to check.
