

Altima Dental Canada named on the 2021 List of Best Workplaces™ for Women

March 23, 2021 (Toronto) - Altima Dental Canada is proud to announce that our organization has been included on the 2021 list of Best Workplaces™ for Women. This honour was presented to the company after a thorough and independent analysis conducted by Great Place to Work®. The list is based on direct feedback from employees of the hundreds of organizations that were surveyed.

To be eligible for this list, organizations must be Great Place to Work- Certified™ in the past year, headquartered in Canada and have a minimum of 15 female employees, and at least 90% of employees must agree that people are treated fairly, regardless of their gender. The best companies are determined using the overall Trust Index score from female employees.

Altima Dental Canada is proud of the fact that most of our employees are female, and many of them are in leadership positions. “We have always known that Altima is a great place to work for women, and it’s an honour to receive this official recognition” said Lori Filice, the Chief Operations Officer at Altima Dental. “This award also recognizes the immense contributions that women have made to the organization over the years. We would not have been able to grow as fast as we have without creating an empowering and equal opportunity workplace environment.”
